**Re:** VINCI Football UK Tournament Proposal

---

**To whomever it may concern,**

I would like to thank the team supplied by 'Professional Security Services Ltd'. The team arrived early and was extremely professional. We were particularly impressed with the people of management of the team, especially with their proactiveness.

The team were also very respectful to all members of staff and participants of our event. Due to their expertise and professionalism, their services played a huge part in making our event a great success.

I would use their services again and would highly recommend anyone else to do so as well.

Kind regards,

Samiul Miah
